1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. The report must be submitted to the President of the Senate, Chairman of the Senate Finance Committee, Speaker of the House of Representatives, and Chairman of the House Ways and Means Committee, within fifteen days after the Comptroller General closes the fiscal year.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

The agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements for purposes of maintaining funds for unexpected increases in enrollment and/or health care costs for Medicaid beneficiaries.

As a result of the 6.2% increase in the FMAP under the FFCRA, SC DHHS reserves have increased. Once the PHE ends the state is allowed to resume eligibility redeterminations that will likely take 12 to 18 months to complete. However, during the period after the PHE ends SC DHHS will not be receiving the additional FMAP. The state will continue to incur costs for additional beneficiaries that may no longer meet Medicaid eligibility criteria. The increase in reserves experienced during the PHE will be used to fund these additional beneficiaries until the redetermination process is completed.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid Expenditures.

4. Please provide a description of the source(s) of funding for this account.

The source of funding for this account is State Appropriated Dollars.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

SC Code of Laws Section 63-11-1750 Funding: A separate fund must be established to accept nongovernmental grants, gifts, and donations from any public or private source for the South Carolina BabyNet Program. Each donor may designate up to one-half of their contribution to specific counties or a county. Both the designated and undesignated funds may be used to meet the local match required in this fund in the same manner as other funds under his control are invested and all interest derived from the investment of these funds shall remain in the fund. The South Carolina BabyNet Program Board of Trustees shall administer and authorize any disbursements from the fund. Private individuals and groups must be encouraged to contribute to this endeavor.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

3. Please describe the key expenditures of this fund.

Donations from public and private donors to support the BabyNet Program.

4. Please provide a description of the source(s) of funding for this account.

Funds are received from public and private donors for the South Carolina BabyNet Program.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. The report must be submitted to the President of the Senate, Chairman of the Senate Finance Committee, Speaker of the House of Representatives, and Chairman of the House Ways and Means Committee, within fifteen days after the Comptroller General closes the fiscal year.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

With the support of the General Assembly, the agency has set a target minimum of 3% reserves of current year appropriations for increases in enrollment and/or unexpected increases in health care costs for Medicaid beneficiaries.

As a result of the 6.2% increase in the FMAP under the FFCRA, SC DHHS reserves have increased. Once the PHE ends the state is allowed to resume eligibility redeterminations that will likely take 12 to 18 months to complete. However, during the period after the PHE ends SC DHHS will not be receiving the additional FMAP. The state will continue to incur costs for additional beneficiaries that may no longer meet Medicaid eligibility criteria. The increase in reserves experienced

during the PHE will be used to fund these additional beneficiaries until the redetermination process is completed.

Ending Balance	5,838,429

SFY2021 Year to Date as of 7/24/2021

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.1 – Recoupment/Restricted Fund: The Department of Health and Human Services shall recoup all refunds and identified program overpayments and all such overpayments shall be recouped in accordance with established collection policy. Further, the Department of Health and Human Services is authorized to maintain a restricted fund, on deposit with the State Treasurer, to be used to pay for liabilities and improvements related to enhancing accountability for future audits. The restricted fund will derive from prior year program refunds. The restricted fund shall not exceed one percent of the total appropriation authorization for the current year. Amounts in excess of one percent will be remitted to the general fund.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

This account is used to accumulate the state portion of prior year refunds for use in satisfying audit liabilities resulting from deferrals, disallowances, and uncollected accounts receivables due to the federal government within 365 days (such as nursing home receivables resulting from audits). Due to the potential size of our disallowances, this balance is necessary to prevent requests to the General Assembly to fund disallowances. Funding in this account is not generated at a consistent rate and the carry forward provision allows for the accumulation of balances sufficient to handle our sizable disallowances and receivables not collected within 60 days.

3. Please describe the key expenditures of this fund.

Expenditures for the current year would be for payment of liabilities due to disallowances, deferrals, or uncollected accounts receivables due to the federal government. This amount does not post as expenditures but as a reduction of revenue because they must be posted as revenue in the federal account.

4. Please provide a description of the source(s) of funding for this account.

The source of funding for this account is the state portion of prior year refunds less expenditures for the Third Party Liability, Drug Rebate, Medicaid eligibility determination and Fraud and Abuse Programs and is transferred to this sub-fund from fund 35047000 where all state refunds are deposited.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

This subfund administers the provisions of Section 44-6-146(A): “Every fiscal year the State Treasurer shall withhold from the portion of the Local State Government Fund allotted to the counties, a sum equal to fifty cents per capita based on the population of the several counties as shown by the latest official census of the United States. The money withheld by the State Treasurer must be placed to the credit of the commission and used to provide Title XIX (Medicaid) Services.”

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid Services. Expenditures are moved from the general fund (10010000) to this account.

4. Please provide a description of the source(s) of funding for this account.

Funds are allocated from the Local Government Fund through the State Treasurer’s Office.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

This fund is used to account for the matching funds transferred from state and other eligible providers participating in Medicaid contracts and services.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

These funds are given to the Department by other state entities or other eligible providers and are expended on a yearly basis for Medicaid contracts or services. Any carry forward is due to timing of receipt of match for a new fiscal year that is received in prior year. Without this carry forward, the Department would be unable to fund these contracts and services at the beginning of the state Fiscal Year.

3. Please describe the key expenditures of this fund.

Expenditures represent Medicaid contracts and services.

4. Please provide a description of the source(s) of funding for this account.

Funds are received from state and other eligible providers as match for Medicaid federal funding.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.4 – Third Party Liability Collection: The Department of Health and Human Services is allowed to fund the net costs of any Third-Party Liability and Drug Rebate collection efforts from the monies collected in that effort.

Proviso 33.8 – Fraud and Abuse Collections: The Department of Health and Human Services may offset the administrative costs associated with controlling fraud and abuse.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Actual collections are received in Fund 35040000 and transferred to this fund as needed to fund Third Party Liability, Drug Rebate and Fraud and Abuse activities. Because collections are not consistent through the year, one-twelfth of the expenditures may not be sufficient to cover monthly costs actually incurred. Use of this carry forward reduces the need for state appropriated dollars to fund these activities.

3. Please describe the key expenditures of this fund.

Administrative expenditures for the Third-Party Liability, Drug Rebate and Fraud and Abuse programs are funded through this fund. These expenditures include salary, fringe, supplies, equipment, contractual services, etc.

4. Please provide a description of the source(s) of funding for this account.

Sources of funding for these programs are from Third Party Liability, Fraud and Abuse and Drug Rebate collections.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

This subfund is used to account for funds received from counties to be used as Medicaid matching funds as required by Section 44-6-146(B) that states, in part: "County governments are assessed and additional thirteen million dollars annually for use as matching funds for Medicaid services. Of these funds, seven and a half million dollars must be deposited into the Medicaid Expansion Funding created by Section 44-6-155." With \$7.5 million required to be deposited in the Medicaid Expansion Fund (44790000), the remaining \$5.5 million is accounted for in this Fund. Usually, this Fund is used to reimburse expenditures made from the General Fund (10010000).

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

3. Please describe the key expenditures of this fund.

All expenditures are for Medicaid Services.

4. Please provide a description of the source(s) of funding for this account.

Funding is generated from assessments on county governments.

Nursing facilities are surveyed by the Department of Health and Environmental Control (DHEC) to assure the facilities are meeting standards for conditions of participation. If a nursing home is out of compliance, DHEC may impose a Civil Money Penalty (CMP).

Federal law as stated in 42 CFR Part 488.442 mandates that CMPs collected by the State must be applied to the protection of the health or property of residents of facilities that the State or CMS finds non-compliant, such as (1) payment for the cost of relocating residents to other facilities; (2) state costs related to the operation of a facility pending correction of deficiencies or closure; and (3) reimbursement of residents for personal funds or property lost at a facility as a result of action by the facility or by individuals used by the facility to provide services to residents.

These funds are obligated for this purpose and should be maintained to assure that funds are available should the need arise to relocate patients or to maintain operation of a facility pending corrective action. If adequate funding were not available, the Department would have to request funding from the State General Fund to fund the cost of a nursing facility closure. This is not a consistent monthly need; therefore, one-twelfth carry forward may not be sufficient in the event of a home closure.

3. Please describe the key expenditures of this fund.

Expenditures are related to nursing home contracts for training and testing costs.

4. Please provide a description of the source(s) of funding for this account.

These funds come from the collection of fees and fines as a result of nursing home sanctions imposed by the Center of Medicare and Medicaid Services.

Nursing facilities are surveyed by the Department of Health and Environmental Control (DHEC) to assure the facilities are meeting standards for conditions of participation. If a nursing home is out of compliance, DHEC may impose a Civil Money Penalty (CMP).

Federal law as stated in 42 CFR Part 488.442 mandates that CMPs collected by the State must be applied to the protection of the health or property of residents of facilities that the State or CMS finds non-compliant, such as (1) payment for the cost of relocating residents to other facilities; (2) state costs related to the operation of a facility pending correction of deficiencies or closure; and (3) reimbursement of residents for personal funds or property lost at a facility as a result of action by the facility or by individuals used by the facility to provide services to residents.

These funds are obligated for this purpose and should be maintained to assure that funds are available should the need arise to relocate patients or to maintain operation of a facility pending corrective action. If adequate funding were not available, the Department would have to request funding from the State General Fund to fund the cost of a nursing facility closure. This is not a consistent monthly need; therefore, one-twelfth carry forward may not be sufficient in the event of a home closure.

3. Please describe the key expenditures of this fund.

Expenditures are related to the Office of Inspector General Audit Recoveries

4. Please provide a description of the source(s) of funding for this account.

These funds come from the collection of fees and fines as a result of nursing home sanctions imposed by the Center of Medicare and Medicaid Services.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

SC Code of Laws Section 44-6-155: (A) There is created the Medicaid Expansion Fund into which must be deposited funds: (1) collected pursuant to Section 44-6-146 and (2) collected pursuant to Section 12-23-810. This fund must be separate and distinct from the general fund. These funds are supplementary and may not be used to replace general funds appropriated by the General Assembly or other funds used to support Medicaid.

SC Code of Laws Section 44-6-146: (B) County governments are assessed an additional thirteen million dollars annually for use as matching funds for Medicaid services. Of these funds, seven and a half million dollars must be deposited into the Medicaid Expansion Fund created by Section 44-6-155.

SC Code of Laws Section 12-23-810: (C) Every hospital licensed as a general hospital by the Department of Health and Environmental Control is subject to the payment on an excise, license or privilege tax. Each hospital's tax must be based on the total expenditures of each hospital as a percentage of total hospital expenditures statewide. Total annual revenues from the tax, exclusive of penalties and interest, in subsection (A) of this section must equal two hundred sixty four million dollars.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

These funds are earmarked for the Medicaid Expansion program and carry forward is due to the timing of the receipt of funds from the Department of Revenue. The

agency is required to expend the total amount of two hundred and sixty-four million dollars. The increase in the tax amount was the result of a change in state law. The Department of Revenue does send the funds for July of the new state fiscal year to the agency in June of the prior year, which results in carry forward, but by law, these funds cannot be expended in the prior year.

3. Please describe the key expenditures of this fund.

Expenditures are paid through the MMIS payment system for Medicaid services.

4. Please provide a description of the source(s) of funding for this account.

Revenues are received from assessments on county governments and excise, license, or privilege taxes imposed on licensed hospitals.
